Summary:

Whisked away from her home planet after a mysterious invasion, Kyra has concealed herself on Earth for the last four centuries with no hope of returning home. That is until the appearance of a mysterious and sexy demon, claiming to have been sent by her family. With danger drawing near, Kyra must set aside years of mistrust and put her life in Cale's hands.

Sent ahead of his ship, Marada, Cale must locate and protect the third Faieara Princess from those who seek her capture. He expects the retrieval to be effortless and Kyra to be a timid reflection of her sister, Anya. What he discovers instead is a strong, beguiling female who forces him to question everything he has ever known.

Praise:

"Romantic and unique, *Demon Retribution* was a captivating read that I had a hard time putting down. Kyra is my favorite type of heroine; she's strong, smart, kind, and also pretty badass. Cale was…well he was just downright hot. He was confident, sexy, charming, protective, and a bit arrogant- but in a good way. I was rooting for him to let go of the past so he could be happy with Kyra."
~ Gravetells reviews.

"It's like reading a solid sci-fi series with the added bonus of these engaging fantasy-type love stories that slide seamlessly into the parameters of the genre. Demon Retribution brings with it the epic feeling

that a proper sci-fi series should contain, along with all the bells and whistles: a hostile alien war, great space fights, vivid world description, culture development, and a moral lesson done subtly well. Cale and Kyra are strong characters whose story is both tragic and wonderful." *~ The Cato Chronicle*

"Ms. Fay gives us a powerful story of a lost sister, ruler, lover and friend. This is a battle for love, family, home and yes retribution. This was an incredibly powerful story and Ms. Fay has done the trilogy format well." *~ Shauni — Bodice Rippers*

*"*I was absolutely lost in the love story of Cale and Kyra. Imaginative, detailed, and completely satisfying!" *~Tish Thawer, NA Author*
