With a tempting invitation to join a crew preparing for the infamous race, Phase Nine, Priya has left her job and traveled across space, only to find herself face to face with the man who broke her heart. Now she must decide if her tattered heart can withstand the long journey, or if she should bow out and return home a coward.

Vin is shocked to find Priya, duffel bag in hand, ready to board his ship. He never imagined he'd see her again, not after the way they'd left things. But now that she is within reach, he will do everything in his power to make things right between them.
